U.S. Farms Produced \$9,532,-
000,000 in 1912, Says Secy
Wilson in Report

CORN CROP REACHES SUM
OF 3,169,000,000 BUSHELS

Output of Fields Increasing as
Growing of Crops Becomes
Better understood

WASHINGTON, Dec. 7.—Uncle Sam, the farmer, has had a good harvest year. Based on the census items of wealth production of farms, the grand total for 1912 is estimated to be \$9,532,000,000.

The chief crops for the year are valued as follows:

Corn, \$1,759,000,000; hay, \$861,000,000; cotton (lint), \$735,000,000; cottonseed, \$117,000,000; wheat, \$596,000,000; oats, \$478,000,000; potatoes, \$190,000,000; barley, \$125,000,000; tobacco, \$97,000,000; flaxseed, \$39,000,000; buckwheat, \$12,000,000; hops, \$11,000,000; sugar, \$34,000,000; dairy products, \$130,000,000; eggs, \$350,000,000; fowls, \$220,000,000; wool, \$55,000,000; animals sold, \$1,930,000,000; animal products, \$3,395,000,000.

In his report for the year Secretary Wilson said:

"The record of sixteen years has been written. It begins with a yearly farm production worth \$4,000,000,000 and ends with \$9,532,000,000. Wonderful progress is made."

"Then farmers were loaded with debts that were a painful burden; prosperity followed and grew with unexampled speed. Then the farmer was a joke of the caricaturists; now he is like the stone that was rejected by the builder and has become the headstone of the corner. Beginnings have been made in production per acre increasing faster than the natural increase of population. There has been an uplift of agriculture and of country life."

"The prices at the farm are generally profitable and will continue the prosperity that farmers enjoyed in recent years. The total crop value is so far above that of 1911 and of any preceding year that the total production of farm wealth in the highest yet reached by half a billion dollars. Based on the census items of wealth production on farms, the grand total for 1912 is estimated to be \$9,532,000,000."

"The wealth production on farms during the last sixteen years reached the grand total of more than \$105,000,000,000. This stream of wealth has poured out of the farmers' horns of plenty, and in sixteen years has equalled about three-quarters of the present national wealth."

"A field half as large again as Italy or nearly as large as either France or Germany is the area of this country's corn field. This year's corn crop is the largest ever produced in this country and reaches the staggering amount of 3,169,000,000 bushels. In value, too, the corn crop of this year is the highest on record and reaches the fabulous amount of \$1,759,000,000. This crop is worth to the farmer 20 per cent more than the average corn crop of the previous five years."

"Our fields can and will increase steadily their output in coming years as ways and means of growing heavier crops become better understood."

"The nation forgot its farmers in the general scheme of education of past years; few philanthropists thought of them when giving for education. Congress is good to them. They are waking up and thinking for themselves."

**JACK JOHNSON MAY
BE PUGILISTICALLY
OSTRACISED ABROAD**

PARIS, Dec. 7.—That the pugilistic ostracism of Jack Johnson may extend to Europe was indicated today through the action of the Boxing Federation officials following the receipt of a cablegram from Johnson requesting a match here. The Federation officials warned promoters that if Johnson is matched, they will demand that the police prevent the fight.

'Blue Sky' Law Is Being Prepared by Lee C. Gates

SACRAMENTO, Dec. 7.—A "blue sky" law, similar to a measure in effect in Kansas, and proposing to create a commission to supervise the issuance of all corporation securities except those of public service corporations, is being prepared by State Senator Lee C. Gates of Los Angeles, according to a report here today. The measure will be aimed at "wild catting," and will provide a check system for oil, mining, real estate, building and other promotion schemes by assuring stock purchasers that the issuing company has sufficient assets to give security to their enterprises.

WOULD SAVE 5 MEN FROM THE GALLOWS

ALBANY, Ore., Dec. 7.—A final attempt to save the lives of the condemned, or to prevent the simultaneous execution of five men in Salem next Friday, was launched by Judge J. K. Weatherford of Albany, who has undertaken to secure commutation of the death sentence passed on John W. Taylor. He left today for eastern Oregon where his campaign for an appeal was already launched on his telegraphic order. It is not believed that Governor West, despite his deep rooted prejudice to capital punishment, will take no further action because of the recent state vote upholding the death penalty.

Prayer Death to Prison
SALEM, Ore., Dec. 7.—Advised by newspaper men of the attempts being made to secure commutation of their sentence, the five men who are to die on Friday, December 13th, to make Oregon's Black Friday, declared today that they prefer death to life imprisonment. The men are apparently resigned as the week for the wholesale execution nears. They refused to listen to details of the plans to secure commutation.

MUST ACT OR BE THROWN OUT OF POWER BY PEOPLE

Veteran Democrat Undecided
as to Chairmanship That
He Will Accept

WASHINGTON, Dec. 7.—"I believe Democrats in the House and Senate should hew to the line and prove that they have been sincere in accusing the Republicans of wrong doing," was the declaration of Senator Tillman of South Carolina today.

"I don't intend to make any tariff speeches. My attitude there is well known. But tariff action by the majority must be taken to convince the country that Democracy stands by its declared intention. Otherwise we will be thrown out of power as we would deserve."

Senator Tillman said he had not decided whether his health would permit him to perform the duties of chairman of the appropriations committee. The next importance, to which he is entitled as the ranking Democrat, is the committee on naval affairs. He admitted he had a predilection for naval matters, but naval men are urging him to accept that committee.

FIRES OF MAGON REVOLT ARE KINDLING

Secret Service Men Report the
Mobilization of Men at
Colonia Morelos

MUNITIONS OF WAR ARE BEING SECRETED THERE

Zapatistas Raze Village When
Refused Possession of 19
Young Women of Town

AGUA PRIETA, Sonora, Dec. 7.—Mexican secret service men report the mobilization of supposed Magon rebels at Colonia Morelos. They say a quantity of munitions of war have been secreted there. Many men are reported as leaving the border towns. This is believed to indicate the movement to make Jesus Flores Magon president through a revolution is assuming definite form. Reports here say the revolutionary junta of Los Angeles is constantly in touch with the revolutionists.

BECAUSE REFUSED 19 YOUNG GIRLS, ZAPA- TISTAS RAZE VILLAGE

MEXICO CITY, Dec. 7.—Because the inhabitants of Valle del Bravo, in the state of Mexico, refused to surrender nineteen of the young women of the town, Zapata rebels under the command of Gonzalo de la Otero, almost completely razed the village, according to reports here today. The villagers fled to the hills, where it is reported they are suffering from hunger and exposure.

SEEKING POSTOFFICE FROM THE DEMOCRATS

ORANGE, Dec. 7.—James Fullerton, a candidate for the appointment as postmaster, to succeed N. T. Edwards two years hence, has started his petition. His opponents are S. P. Keeney and J. D. Moore.

NIKRENT WON AUTO- AIRSHIP RACE

LOS ANGELES, Dec. 7.—Nikrent, driving an automobile, won the auto-airplane-motorcycle race from Eastlake Park to Bloomington today. He covered 52 miles in an hour flat. Bonney in an aeroplane with three miles to finish, was forced to alight on account of wind. The planes of the airship were damaged but the aviator was uninjured. The motorcycleist stopped outside of Los Angeles.

BERLIN PRESS REMAINS PESSIMISTIC AS TO PEACE

Peace Envoys Will Meet in St.
James Palace; Turks and
Greeks to Make Pact

VIENNA, Dec. 7.—It was announced today that Austria has accepted Sir Edward Grey's proposal to participate in an ambassadorial conference. It is believed this minimizes the danger of rupture with Serbia and Russia.

Berlin Press Pessimistic
BERLIN, Dec. 7.—Notwithstanding the powers have accepted the British proposal for an ambassadorial conference, the Berlin press remains pessimistic as to the outcome. It comments dolefully on the unconfirmed reports that Serbia is mounting batteries above Belgrade, and that Austria is continuing her mobilization of troops at Semlin.

Palace for Peace Conference
LONDON, Dec. 7.—Government officials have decided that the Turkish-Balkan peace conference will be held at St. James Palace, the official London residence of King George.

TURKS AND GREEKS WILL MEET IN VIENNA FOR PEACE

LONDON, Dec. 7.—The Constantinople correspondent of the Daily Express says: "It has been chosen as the scene for peace negotiations between Turkey and Greece. He says the Turkish Ambassador at Vienna has received full powers to negotiate with the Greeks and that he will be assisted by Osman Nishmi Pasha, the Turkish Ambassador to Germany. Bulgaria would boost Orfano."

LONDON, Dec. 7.—A dispatch to the Daily Telegraph from Sofia says that if Saloniki is internationalized Bulgaria will devote all her financial energy to the establishment of a great town and seaport at Orfano, south-east of Serres, and the building of a railroad straight down the Struma Valley to the sea, placing Sofia in direct and easy communication with the Mediterranean.

GREEK WARSHIPS REPORTED AS OFF DARDANELLES

CONSTANTINOPLE, Dec. 7.—Great excitement exists throughout the city tonight following the report that six Greek warships had been sighted off the Dardanelles entrance. It is feared they will attempt to run the strait and bombard the city.

U. S. STEAMSHIP IS FIRED ON WHILE AT ACAPULCO, MEXICO

LOS ANGELES, Dec. 7.—A sensational incident which is expected to lead to international action was reported in a letter received yesterday by W. G. Roome, 940 West Twentieth street, from his son, H. V. Roome, who is second wireless operator on the Pacific Mail steamship San Juan. The latter told of the ship being fired on at Acapulco, Mexico, while at anchor and the engineer being seriously wounded.

The San Juan sailed from San Francisco November 13. Acapulco, which is 783 miles south of Mazatlan, and the seaport of the State of Guerrero, is a port of call.

ST. PETERSBURG, Dec. 7.—It is officially stated that Pekin has advised St. Petersburg that China has decided not to send an army to oppose alleged Russian aggressions in Mongolia.

BULLET TAKEN FROM WIDNEY'S BODY; NO CHANGE

SAN FRANCISCO, Dec. 7.—There is no apparent change in the condition of Robert Widney, the Los Angeles real estate dealer shot Wednesday in the apartments of Mrs. Lyons. The bullet has been extracted but it may be several days before the result can be determined.

Despite contrary reports, it is stated that Widney has not said that Mrs. Lyons fired the shot.

ROUTE ENGINEERS TO BRAWLEY
PALM SPRINGS, Cal., Dec. 7.—The Ocean-to-Ocean Highway Commissioners and engineers started to Brawley this morning. They will continue to Yuma tomorrow, returning to Brawley via Mammoth Wash inspecting the proposed routes between Yuma and Brawley.

COCHEMS' HOME ENTERED BY BURGLAR, VALUABLE WATCH, CHAIN AND CHARM STOLEN

Theft Has Ear-Marks of Jobs Pulled off
by Burglar Who Was Killed—May
Be One of His Pals.

Though John D. Coleman, burglar, is dead, and Charles Roll, his pal, is in jail, Santa Ana is not freed from burglaries. Last night the home of William Cochems, proprietor of the Vienna Bakery, was entered, and a watch, chain and charm, worth \$150, were stolen from Cochems, and a stick-pin and tie-clip were stolen from L. C. Stimson.

The burglar was pulled off in much the same way as the evening burglaries in which Coleman had part. The house was dark in the early evening, and the burglar took that as a sign that there was no one at home. He entered, ransacked the place, and took away jewelry.

The theft may have been the work of somebody who worked with Coleman. Coleman had somebody with him in some of his burglaries. Others were his work alone. Roll has stoutly maintained that he had nothing to do with any of the thefts, and that his connection with the attempt to enter the Durant street house, where Coleman was killed by Deputy Sheriff Law, was his first expedition with Coleman.

Who, then, was with Coleman when the Wagner and Hillyard homes at Orange were entered?

Probably if that question could be

answered, the officers would know who entered Cochems' home.

Through Window
Cochems and his mother and L. C. Stimson, who rooms at the residence, southwest corner of French and Eighth, were away from home between 8 and 9 last evening. It was 9 o'clock when it was discovered that the place had been robbed.

A neighbor remembers hearing footsteps in the back yard between 7:30 and 8 o'clock.

The burglar gained entrance from the back porch, through a window, which was easily opened, the catch not being placed. It is thought that the man pulled down the curtains, turned on the lights and made his search.

Clothing was thrown about, and pockets of trousers searched for money.

All that Cochems has missed is a valuable watch, chain and charm, worth \$150. The charm was an elk's tooth.

All of Stimson's clothing had been taken from a closet and thrown on the bed after being searched. Stimson has missed a plain gold stick-pin and tie-clip, part of a set given to him. The burglar overlooked the cuff-buttons of the set, which were in a shirt.

1912 STATE WALNUT CROP OF 9,000 TONS BRINGS \$2,500,000

LOS ANGELES, Dec. 7.—Southern California walnuts are making the eyes of the French nut growers stick out, while the Italian raisers tug at their "mustaches" with amazement. It is the widespread recognition of the supremacy of the walnut in Los Angeles territory which is causing the foreign growers concern. The delicious nut will gladden Christmas tables in all parts of the United States. This is the fact to which the foreign object.

Nine thousand tons were grown in this district this year. Every one of the walnuts has been sold. The receipts total about \$2,500,000.

"Southern California is producing about 99 per cent of the walnuts grown for commercial purposes in America," said Fred I. Hazzard, president of the Southern California Walnut Growers' Association, yesterday. "The walnuts grown here are noted for their peculiar excellence of flavor. They are known as the soft-shelled English variety, but the words 'Southern California' added to the description have a wonderful effect upon the demand."

Belt 125 Miles Long
The walnut belt extends from Los Angeles northward 125 miles to Galesburg, southward sixty miles to Capistrano and eastward twenty-five miles to Walnut. Two or three carloads are produced in central California and two or three more in Oregon and Washington. Only the very choicest walnuts from the Sorrento district, Italy, can approach in flavor and beauty the nuts from this district.

About 25,000 acres are planted to walnuts here. Four counties have flourishing groves. Nine hundred carloads have been shipped east this season.

Throughout the eastern states a few walnuts for home consumption are grown successfully, but there is no output for commercial purposes. The trees there are hardwood, whereas here they are of the soft variety. About 94 per cent of the trees are seedlings and 6 per cent are buds. There are very few pecan nuts raised in this state. The Texas and Mexican pecans are scarce and prices are higher than ever this year.

FLEW HYDRO-AEROPLANE IN SIXTY-MILE AN HOUR GALE

For fifteen minutes this morning, Glenn L. Martin fought a terrific gale over Newport Bay, and won. He rode his hydro-aeroplane in a wind that was going thirty-five miles an hour close to earth and sixty miles an hour 600 feet up.

People of Newport Beach were astounded. The boats that had attempted to navigate had been driven ashore, and the bay was surfaced with white caps.

Martin wanted to demonstrate that he could fly in a real norther. In his work in the East he had repeatedly been called on to fill flying darts in tremendous winds. His flying hereabouts, however, had all been in comparatively light winds, for there are but few days in the year when the norther is with us.

Martin rose within a few yards of the starting place, headed to the wind. He rose, but against the thirty-five mile an hour wind he made little headway. He turned and rode high across Newport Beach. Again he turned and tacked back to East Newport. Rising 600 feet Martin found the wind almost doubled in velocity. Since Martin's motor speeds him straight away but sixty miles an hour, when headed squarely at the zephyr Martin was almost still in relation to the water beneath. Martin came down a short distance from the starting point.

TO RE-COUNT VOTE NEXT TUESDAY

Judge West Decides That He
Has Jurisdiction to Right
the Wrong

OVERRULES DEMURRER, TO ANSWER MONDAY

Decision Rendered Today on
Point Probably First Time
Raised in This State

By overruling a demurrer this morning, Judge West found that the superior court has jurisdiction to re-count the votes cast on electors in the fifth and seventh precincts of Santa Ana. He ruled upon a point not yet carried to an upper court in this state, and probably never before raised in the state.

Attorneys Keech, Davis and Thomas for the Progressives brought an action in equity to have corrections made so that all Progressive electors, except Wallace, may gain seven votes net in the fifth precinct and one elector. R. W. Bull may gain twenty-seven in the seventh precinct.

Attorney H. C. Head, representing the Democrats, put in a demurrer that raised the point of jurisdiction. Argument was heard yesterday between Keech and Head. District Attorney West was commissioned to appear for the secretary of state.

In making his ruling this morning Judge West stated that it is conceded by both sides that there is no federal or state law providing for a contest of a vote on electors.

"Yet," said he, "according to the complaint, a wrong has been brought into existence by a mistake, and the law says that for every wrong there is a remedy. This is a court of equity, and I believe that this court has jurisdiction to correct this wrong."

"The demurrer is overruled, and the defendants have two days in which to answer. The answer must be filed Monday. It is my purpose to hear this case on Tuesday."

DECOY PLOT FOR CHIEF SEBASTIAN

Was Probed; Grand Jury In-
dicts Two Men After Probe
of Lloyd Case

LOS ANGELES, Dec. 7.—Chief of Police Sebastian admitted investigating an alleged plot to decoy him to a downtown hotel to meet a woman and photograph a meeting. He refused to divulge names or to state whether he believes the alleged plot has any connection with the events growing out of the aftermath of the Eddie case.

After deliberations extending over a period of three weeks, including recesses, the county grand jury yesterday afternoon indicted Harry J. Raymond, a private detective, and John K. Arlington, a hotel clerk and gambler, charging each with causing the false imprisonment on November 14 of F. W. Lloyd, former special officer of Chief Sebastian.

LIPTON DENIES BEING ENGAGED TO DENVER BELLE

ST. LOUIS, Dec. 7.—"So far as I am concerned, I don't care what the gossips say, but it's damned embarrassing for the young lady," said Sir Thomas Lipton, denying his reported engagement to a Denver society girl.

"I merely met her family in England," the baronet continued. "She is nothing but a young thing, while I am getting old."

GOV. HADLEY WOULD HAVE HARMONY

Favors Cummins' Plan Hold-
ing Harmony Meet in Order
to Heal Party Feuds

WASHINGTON, Dec. 7.—Governor Hadley of Missouri today endorsed Senator Cummins' plan to rehabilitate the Republican party. He said: "The plan is an excellent one, but I would go still farther and make the proposed meeting a great national convention of Republicans, regulars and progressives alike. The biggest thing confronting the party is the question of management." Cummins' plan provides for an immediate convention for harmony.

C. E. TO HOLD MURDER TRIAL

Local Society to Enter Contest
for Prize Under Everybody's
Magazine Offer

The Christian Endeavor Society of the First Presbyterian Church has entered the mock trial contest, being conducted by Everybody's Magazine. The magazine has been running a murder story. Prizes have been offered to groups of persons who will hold mock trials founded upon the story. The testimony of witnesses to be given to a jury in accordance with the facts brought to light in the investigation following the disappearance of a Mrs. Laidley.

The trial will be held next Friday evening. The proceedings are probably different from any other mock trial held in the contest, for the reason that here the superior judge, the sheriff, the deputy district attorney, a local attorney, will take part in the case.

A preliminary examination will be held tonight before Justice of the Peace Cox.

The jury will be selected next Friday. Deputy District Attorney Koppel will proceed under the usual rules of the court before Judge West, presenting an indictment for murder against Philip Laidley, whose part as prisoner will be taken by Percy Preston. The parts in the mock trial will be undertaken as follows:

NEW PLANE ON NEWPORT BAY

Glenn Martin Among Those
Who are Talking of Flying
to San Francisco

A truck bearing Horace Kearney's new hydro-aeroplane passed through Santa Ana last night on the way to Newport Bay, where it will be put together. This will be Kearney's first venture with the hydro-aeroplane. He has been doing a great deal of talking about attempting a flight by hydro-aeroplane to San Francisco.

In fact, the flight to San Francisco has been occupying a good deal of attention among aviators. All of the best aviators located in this end of the state have been threatening to attempt it. Glenn Martin among them.

Martin has his aviation school well under way and has proven himself to be an excellent teacher. He has as many pupils as he can give proper instruction to at one time. Martin has secured an assistant.

The Santa Ana aviator has sold two hydro-aeroplanes to King of Marshfield, Ore. Gors has taken two lessons in flying, and will be back in a few days to be on the job until he learns to be an operator. Gors & King conduct an automobile and boat transportation line in the lumber regions, and they propose to establish an air-line for the lumber kings who want to make hurried trips. They have paid a deposit

and so do men. Ideas and methods are changing so rapidly that only the specialist can

Huntington Beach Trustees
Have Rejected Pier Plans
Submitted

HUNTINGTON BEACH, Dec. 7.—The trustees of the local public library have purchased for \$950, two lots on Eighth street, one at the corner of Walnut avenue, as a site for a public library building.

The city trustees have rejected the pier plans of the Raymond Concrete Pier Company, and have advertised for new plans. The work of building the \$70,000 pier will begin shortly after the first of the year.

Local Odd Fellows have elected officers for the ensuing year as follows: noble grand, S. A. Moore; vice-grand, Charles Burleycamp; recording secretary, Milo Reno; finance secretary, J. H. Eader; trustee, H. B. Little.

Pupils of Huntington Beach Union High School will celebrate a farmers' day shortly by doing actual work on the acreage owned by and adjoining the school grounds.

MME. TETRAZZINI STUDIES ENGLISH DURING VACATION

LONDON, Dec. 7.—Mme. Tetrazzini, who sailed on the Mauretania today, told reporters last night that she had devoted her London vacation to perfecting her knowledge of the English language, so as to enable her to render English songs with greater effect.

She confessed wholesome regard for American customs officials.

"I am taking fifteen trunks with me," she said, "but I have taken the precaution to make full declaration of all my stage apparel and jewels before the American Consul at London. I have also had my jewels valued and guarded her valuables while on and off the stage, and a polite hint that a member of the New York detective force was on hand brought an abrupt termination to the interview."

DEFERRING OLD AGE.

When a man begins to find greater pleasure in indolent ease than in strenuous activity he has reached the dangerous age. It is possible to prolong our term of usefulness by ten or twenty years through keeping a firmer grasp on youth. Given a condition of ordinary health, keeping youthful is largely a matter of avoiding the things that make for age. First one must look after his eating and drinking. Half a dozen or more diseases are likely to follow years of liquor drinking and the eating of quantities of red blooded meat, and it requires a firm will to shut down on these things. Every day in which liquor drinking and overeating are avoided is a day saved to health, a day added to youthfulness and age postponed for a day. Sport is a two edged sword. If engaged in in moderation it is most wholesome. Excess of participation is quite the opposite. Not one man in a hundred can keep in good health if he sticks to a desk and an easy chair and fails to get out in the open and stir up his sluggish organs. Walking will save many a man years of youthfulness, and walking is so simple. Going through the motions of a dog trot for three minutes standing at an open window will work wonders if continued once or twice a day. Deep, rhythmic breathing, accompanied by a rhythmic shaking up of the body, benefits in half a dozen ways. It helps the liver, reduces flesh, increases the heart's action and makes the blood course through the entire body, and as all the blood passes through the lungs the deep breathing adds to its store of oxygen.—Professor H. S. Jennings.

RECORD SHOWS SUCCESS

The proposed new charter for Santa Ana provides for a commission form of government. The commission plan has now been tried in over 200 American cities and so far as the Register has been able to learn from reliable sources it has been uniformly a success. We know of no city where the commission government has been tried where there is any disposition on the part of its citizens to have the city go back to the old plan. That the electors of Santa Ana may vote intelligently at the coming charter election the Register proposes to publish, from time to time, what it considers reliable statistics of the results of the commission government in cities that have tried it. Today we give some of the results of the commission plan in Houston, Galveston and Des Moines.

Houston, Texas, in six years of commission rule wiped out a floating indebtedness of over \$400,000, and paid for permanent improvements the sum of \$1,551,928.47 without the issue of a single bond. The tax rate was also reduced 30c on the \$100.00.

In Galveston, Texas, the first city to try the commission plan, the following has been accomplished without a bond issue or a dollar of increased taxation: The commission rebuilt the city hall; rebuilt the water works pumping station; extended the water system; built three engine houses in the city damaged by the storm; repaved with brick the streets throughout the entire business section at a cost to the city of \$183,027.07; built rock and shell roads at a cost of \$181,064.04; provided a large amount of drainage at a cost of \$245,664.47 and made large extensions to the sewer system; paid off old judgments against the city aggregating \$18,000.00 and retired \$462,000 of bonded debt.

In Des Moines, Iowa, some of the results of the first year of commission government are: The police force taken out of politics, reorganized, increased and kept to a higher state of efficiency than ever before; same results in the fire department; more paving and more sidewalks built than ever before; water rates reduced 20 per cent; wages of day laborers increased to \$2.25 and teamsters to \$4.50 for an eight hour day; seventy-one more are lights established on the streets and 634 more lights than formerly burned on the "moonlight schedule," now burn every night at an expense of almost \$12,000 less than the old rate; an arch cement bridge eighty feet wide built across the Des Moines river and paid for without a bond issue; over \$224,000 actually saved the taxpayers and the levy for next year has been reduced three mills; all complaints of citizens for temporary repairs in sidewalks, streets, sewers, etc., attended to the same day they were received.

Don't forget to attend Raymond's

SYSTEM FOR PROTECTION FROM FROST WAS EMPLOYED

POMONA, Dec. 7.—Although this city did not so much resemble a small "Pittsburgh" as on some mornings last winter, the atmosphere was "thick and smoky" enough early yesterday morning to indicate to the entire population that the orange and lemon growers in exposed localities were on the job ready to combat Jack Frost successfully with their batteries of "smudge pots." While the soot from smudging was not so heavy and objectionable as formerly, numerous improvements in perfecting combustion in the smudge pots having bettered conditions, yet there is room for considerable further betterment.

Early Thursday evening there were indications of a cold night and General Supervisor Adamson, at his headquarters in the Pomona Fruit Growers' Exchange packing-house on North Park avenue, was ready to put the frost signal patrol to work. During the night the three motorcycleists detailed to read thermometers placed in different districts rendered their regular reports and as the mercury holders dropped down to the danger line in the western and Kingsley districts of the city, the home telephone central operators were notified from Mr. Adamson's office and the citrus growers were called from under the warm

"kivers" to the orchards where the "smudge pots," filled with distillate, were ready for instant lighting. Lemon growers started fires earlier than the orange men, who got busy from 4 o'clock a.m. on.

The thermometrical records at the packing-house headquarters show that the temperature ranged from 26 degrees—the coldest it has been this season—toward the exposed western city limits, to 30 degrees at San Antonio and San Bernardino avenues. Thermometers in groves at higher altitudes in the valley did not register too near the danger line. The low temperature did not continue for long and no damage was done, in fact all of the growers feel confidence in the smudging as a preventive against the dreaded frost. Temperature varied during the night, rising and falling at various times, according as the atmosphere was stirred by breezes or remained still.

Prof. A. G. McAfee, chief of the weather bureau service in California, was here today with F. A. Carpenter, in charge of the Los Angeles weather bureau. In company with local fruit exchange officers these men were much interested in investigating the methods taken and means provided by the Pomona Valley Protection Association for frost fighting.

AMUSEMENTS

"Butterfly on the Wheel"

An English drama, written by two members of the English Parliament, produced by an English manager, Mr. Lewis Waller, interpreted by an all-English company, yet dealing simply and directly with a vital American problem, will be presented at the Grand Opera House tonight, Saturday, Dec. 7.

It gives an accurate representation of the English High Court of Justice, with its gowned and bejeweled judges and barristers, mercilessly weaving a web of circumstantial divorce evidence around a poor little wisp of a butterfly; innocent, but caught in the net of her own follies. Miss Dorothy Lane impersonates Peggy Adamston, the defendant in "A Butterfly on the Wheel," and once, under the whip of the cruel cross-examination, she passionately exclaims in defense of her character:

"There is not a rag of truth in any of those statements. You may think you can make black white, and white black. You may suborn spies, tamper with railway and hotel servants, but what right have you to treat me like this? Am I to be treated as guilty merely because I have courted temptation? I don't know what I have said, I don't know what I shall say before this torture is completed, but I am sensible enough to know I have no chance at all against all this horrible insinuation which twists every bit of harmless evidence into every bit of vicious and debasing form. 'The truth? What is the truth to you? It's not the truth you want—it's me, my very soul, that's what you want; not to wring the truth out of me, but just so much of it as will serve your ends.

"My case! My Lord, who will believe me in the face of these lies? It's a trap, I say. I've been hunted and hounded into it. I'm not surprised now that innocent women in hundreds let their cases go by default rather than face the humiliation, the torture, of this awful place.

"If I had done wrong do you think I would be here? I have been foolish. I have loved admiration. I played with fire. I never knew that the law—man's law—made no difference between the opportunity to do wrong and the giving way to it. I know now. I swear before God I have done nothing wrong—nothing; but no one will believe me now—no one."

Then without warning the great wheel stops sharply in its revolutions, for the poor, broken butterfly has fallen a crumpled figure across the railing of the witness box.

"The Chocolate Soldier"

"The Chocolate Soldier," which the Whitney Opera Company will present at the Grand Opera House Monday, Dec. 9, has been the chief instrument in resuscitating the dying interest of theatergoers in the type of light opera made famous by Gill Sullivan. Its success is all the more remarkable because it was first produced at a time when audiences and critics alike had become embittered by a tedious succession of cheap and worthless mediocrities, until it seemed that they were ready to boycott light opera forever. The appearance of "The Chocolate Soldier" in New York two seasons ago under the direction of Mr. Whitney, was equal to a revolution. The libretto, based upon George Bernard Shaw's "Arms and the Man," in which the witliest Irishman of his day vents his full force of his wit and satire upon militarism, modern love, courage, heroism and other current topics, which the added flavor of a Bulgarian setting astonished everybody by the wealth of its dramatic interest. But the surprise par excellence was the music of Oscar Straus.

The Rosary

"The Rosary," as presented by Rowland and Clifford, is to be at the Grand Opera House Tuesday, Dec. 10, repeating with as much success as the play had in its debut. It will be seen at the Grand with a cast including Harry Terry, Jean Ward, Addie Dougherty, Helen McCabe, Roy Laidlaw, Douglas Lawrence, George Trip, Jack Stevens and others.

The theme of the play concerns a man and a woman happily married. They are surrounded with every luxury of wealth and happiness. But the husband is an unbeliever, an atheist without faith of any kind. No one notices it until a friend of the husband comes. Father Brian Kelly, a priest of the modern world, with a deep insight into human nature and a divine love for his fellowman. And when trouble comes, when the home is wrecked, and the husband and wife

suffering agony, it is the priest who restores both into the sunlight of hope and love.

Did You See "The Blacksmith's Boy?" A mischievous youth has been, of late, playing all kinds of pranks in and about town. He is known as "The Blacksmith's Boy." You have missed something good if you have not caught him in some of his tricks. Manager Roberts of the Bell Theatre has found him, also his father and the two will present their laughable skit at the Bell tonight and Sunday night. See "Maud," the kicking mule, also the new picture display. Three shows at the Bell tonight.

Poultry dinner at the Hotel Rochester, Orange, tomorrow 12:00 to 1:30. Price 50c.

"Her Choice," five-act play by Santa Ana "v's," College of Music, Tuesday, Dec. 10. Tickets 25 cents, adults; 15 cents, school students. On sale at Arts and Crafts Store, 214 West 4th.

HE WAS PROMINENT AT COACHELLA HOME

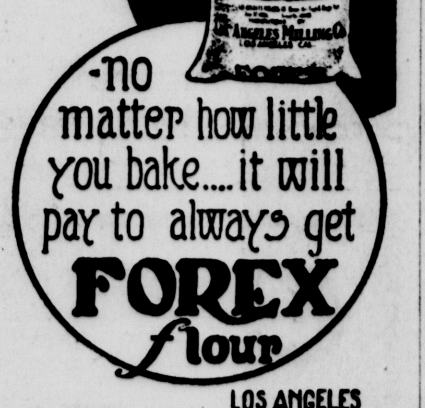

The Coachella Valley News has the following concerning Charles A. Killey, who died at Coachella, son of Mr. and Mrs. B. F. Killey of Santa Ana:

Mr. Killey was a native of Hingham, Kansas. At the time of his demise his age was 52 years, six months and nineteen days. His life was spent near the place of birth. It was about twenty-five years ago that Mr. Killey came to California, settling first near Santa Ana.

For about fifteen years Mr. Killey was engaged in his trade here, which was woodworking and blacksmithing. Later he moved to Redlands and conducted a shop there for nearly five years. He sold his business and yielded to the lure of our valley in 1907. He bought a piece of the un reclaimed desert and labored industriously to build up a home. The fertile soil responded to his efforts as if by magic until the "Midway Ranch" has come to be the show place of the valley. Lying alongside of the railroad track and adjacent to the ocean-to-ocean highway route the Midway Ranch has been an invaluable demonstration of what can be done in the valley with persistent effort. Its well kept orchards, just coming into bearing are a thing of beauty indeed. The ten-acre vineyard has yielded some famous crops. The quality of its fruit has never been excelled here.

Hogs were another line to receive the attention of his diversified industry. Garden vegetables and early truck crops reached a state of near-perfection.

Mr. Killey was a man much respected and loved by his neighbors. He was an authority on many subjects of interest to agriculturists. They sought his counsel often.

DINNER PARTY

Mr. and Mrs. James Elliott
Guests of Honor at Affair
Given by Misses Wilson

One of the enjoyable social events of the week was the recent dinner party given by Misses Myrtle and Ethel Wilson in honor of Mr. and Mrs. James Elliott, recently married. The bride, it will be remembered, was Miss Eva Robinson, daughter of Geo. E. Robinson.

The dining room and table were tastefully decked with red geraniums, showery of geraniums and red ribbons extending from the chandelier to the corners of the table. Red ribbons with cards attached ran from each plate to the center of the table and after the delicious five course dinner had been disposed of the guests drew the cards which were blank. Each guest then inscribed on the card good wishes to Mr. and Mrs. Elliott, the lines being arranged as an acrostic, the first letters of each sentence spelling the name "Elliott." Following this ingenious device a book was given each guest in which an automobile romance was to be written from the names of the various parts of an automobile. Covers were furnished for these books when completed and the "automobile romances" were given to the guests as souvenirs. The place cards used at the table were of slipper design.

The company presented the bride and groom with a cut glass dish and table mirror, and the evening following the dinner was spent in music and conversation.

The invited list of dinner guests included Rev. and Mrs. Paul E. Wright, Mr. and Mrs. Elliott, the guests of honor; Mr. and Mrs. Joe Babbitt, Mr. and Mrs. H. H. Allen; Misses Lucy Stephens, Estaline Hall and LaRue Fippis; Messrs. Herbert Fowler and Charles Parslow.

Officers Elected

Orange Chapter, No. 73, Royal Arch Masons of Santa Ana, have elected the following officers for the new term:

High Priest—R. V. Corbett.
King—O. M. Robbins.
Scribe—George Balderston.
Treasurer—E. B. Smith.
Secretary—G. A. Whidden.

Appointive officers will be named on the installation of these officials.

Hostess at Luncheon

A charming social function was the luncheon given yesterday by Mrs. H. H. Reeves at her Spurgeon street home. Red geraniums, favorite for winter decorations, were massed as a centerpiece for the table attractively appointed for the 1 o'clock spread of four courses. Table service was prettily rendered by Miss Mary Horton, a niece of the hostess, and Miss Chilcott, a house guest at the Reeves home from Fairfax, Virginia.

Covers were laid for the following ladies, besides the hostess: Mes-

James O. M. Robbins, George Myrick, Asa Vandermaat, C. E. French, A. M. Stutsman, T. A. Stuart, Geo. Balderston, I. J. White, D. A. Stuart; Misses Carrie Stutsman and Ethel French.

Needlework and conversation engrossed the afternoon following the luncheon. It is whispered that the present weather was discussed among other topics of interest.

Society Did Good Work

The members of the Women's Missionary Society of the M. E. church, South, held their regular monthly business meeting yesterday in the church parlor. The president, Mrs. Vawter, called the meeting to order, and Mrs. Laura McNaught had charge of the devotionals. The election of officers for the ensuing year was a part of the program for the afternoon.

Much enthusiasm prevailed over the general report given by the several officers and committees. The benevolent work of the society for the past year has been very satisfactory.

The Clover Club

Mrs. Frank Miller entertained the Clover Club at a very prettily appointed luncheon on Friday afternoon. Pink and white were used throughout the house, pink and white roses decking the table, pink and white candles and asparagus ferns also being used in the decorative scheme.

Two names have been added to the club enrollment, Mrs. Newton and Mrs. Tolman, both of Orange. Besides the two new members and the hostess there were present Mrs. T. B. Elliott, Mrs. O. M. Newman, Mrs. Hugh Hill, Mrs. E. L. Eckley, Mrs. Fred Blanner and Mrs. E. A. Bell of Santa Ana; Mrs. Syester, Mrs. Truman Knight, Mrs. Chapline and Mrs. Park of Orange.

Annual Commercial Party

The students of the Commercial high school held their annual party in the Commercial High School building last night. The High School band, led by Mr. S. R. Donaldson of 1006 South Main street furnished part of the musical program during the evening. The selections were well played and both students and faculty are very much pleased with the result of the painstaking direction of Mr. Donaldson.

Mr. and Mrs. Harry Warne and Mr. Clifford Johnson also favored the students with music, giving instrumental and vocal selections. A reading was given by Miss Hazel Rees, after which games were played and refreshments served. All enjoyed themselves, and to show their appreciation the guests gave a vote of thanks to those who furnished the music for the evening.

There were about one hundred young people present at this function and Prof. Hughes and the faculty were highly pleased with the splendid way in which the affair went off. The electric lights were out of commission for a short time, sometime between 10:30 and 11 o'clock, but flash lights were kept going until the electric service was restored. During this interval, the young people made the very best of the occasion in a good-natured way.

For Out-of-Town Visitors

Misses Faith Shaw, Ely, Leonard, Phyllis, Grouard and Snare were hostesses Thursday evening at a dinner party for Mrs. Goertz, formerly Miss Kraybill, who has been the house guest of Miss Ely for the past week, and for Miss Kilgore, who is visiting Miss Larsen. The event took place at the Linn L. Shaw home and a Christmas suggestion was seen in the decorations of red and green, holly being used generally. Supper was served at 6:30 o'clock and covers were laid for Misses Kilgore, Mrs. Goertz, Miss Fannie Smart, Miss Meme Havens and the hostesses. Music and cards employed the remaining hours of the evening.

ATHENA SOCIETY

High School Girls Have Interesting Programs; Had Jolly Vaudeville Program

The Athena Society of the high school has made a start on what promises to be a most successful year. Miss Gowdy is for another year, the competent and willing director, and with the executive committee has worked faithfully in order to prepare instructive and interesting programs. The girls have responded well when called upon to do their part in the fortnightly meetings. The result is that all the programs have been rendered entirely by the members, and for that reason have been more interesting and helpful, especially to those who took part. The programs have consisted of piano and vocal solos, debates, talks and readings.

The last entertainment was a high class vaudeville which was open to Athena friends. The chorus girls were dressed in aprons and sunbonnets. If some of the local singers had been present, they would have been themselves good-naturedly represented by high school girls. Vaudeville celebrities were also taken off and it was the general conclusion that it is much more pleasing to listen to the mimicking of vaudeville singers than to the true ones. The representation of an old maid lent humor to the occasion.

At a business meeting held Wednesday the following officers were installed:

Louise Grubb, president.
Alice Cranston, vice president.
Lillian Walker, secretary.
Mable Mansur, treasurer.
Ruth Harding, Elsie Wingood, Helen Roberts and Helen McKean, executive committee.

Plans were also made for the Athena masquerade to be held after the holidays.

Weekly Y.M.C.A. Meeting

The regular weekly meeting of the local Y.M.C.A. will be held on Monday evening at the United Presbyterian church at 7:30 o'clock. The program has not been announced as yet but no doubt will be an interesting one, and up to the usual high standard that these meetings of the city association are noted for. The meeting held last week was a very inspiring one, the young men coming home from the Pomona convention expressing their intention of promoting the work here in Santa Ana to the utmost.

Church Dedication

The Spanish Mission church building, the services in which will be conducted under the auspices of the First Methodist church of this city, will be dedicated tomorrow afternoon at 2 o'clock. The building is located at 800 East First street.

Ebell Music Section

Miss Dresser promises an interesting afternoon for this section on next Monday when the regular meeting will be held at the home of Mrs. H. H. Shaw at 3 p. m. The primary subject for the afternoon's study will be the "First Music of the Early Christians." From this theme, Miss Dresser, the curator, will take the class into the development of notation.

There has been a change in the hour of meeting, the hour now being 3 o'clock instead of 2:30.

A Happy Birthday Dinner

F. H. McElree was the honored victim of a pleasant birthday surprise; as he entered his home after closing business last evening he was greeted by a merry company which had assembled to dine with him and to pass a happy evening together.

Everything was in readiness for the surprised host when he put in his appearance and after regaining his self-composure Mr. McElree proved himself equal to the occasion, making those present feel quite at home. The table was both attractive and inviting, the color scheme being in white and gold, the latter much a favorite with the honoree. Beside the hosts, covers were laid

Supper for Football Team

Mr. and Mrs. Emory Ratcliffe entertained the high school football team last evening with an oyster supper served at 6:30 o'clock. Misses Beth Phillips and Helen Wells assisted the hostess in serving.

The school's colors—cardinal and white—were attractively used in decoration. A Japanese basket filled with red and white roses graced the center of the table at which covers were laid for the host and hostess, Mr. and Mrs. Emory Ratcliffe, ex-Captains Edwin Reeves and John Newcomer, and the present team, Will Warren, Malcolm Tedford, Harold Holzgrate, Alfred Catland, Bertrand West, Elmer Whitson, Homer Robinson, Herbert Timmons, Raymond Selph, Laurence Eaton, Stuart Smith, George Walters, Thomas Hughes. Each of the hand-painted place cards showed the man whose seat it marked in the active performance of his duties during a game.

After dinner the team re-elected Captain "Bill" Warren as captain of the team for the ensuing year by a unanimous vote.

Missionary to Speak

Miss Isabel Crawford, the founder of missionary work among the Hopi Indians and a speaker of more than ordinary ability, will speak at the First Baptist church Sunday evening. Miss Crawford will appear in the garb of the Indian woman, and this touch of real Indian fashion will add to the interest of her address.

Entertained His Class

W. L. Innes was host last evening with a splendid supper for the seven members of his Sunday school class, the First Baptist church. The spread took place in the Baraca room at the church and the boys immensely enjoyed the excellent supper and the accompanying good time.

Personals

Prof. Emory Ratcliffe and Stuart Smith attended the meeting of the Southern California Football League, held at the Y. M. C. A. building in Los Angeles this forenoon.

Miss Elizabeth Perkins went to Los Angeles this morning for a week-end stay.

W. M. Malone had business which took him to Los Angeles today.

Mrs. A. H. Lyon and Miss Margaret Lyon spent the day in Los Angeles.

Mrs. J. W. Shaul was an Angel City visitor for the day.

Dr. F. W. Wichmann and his wife of Torro, Washington, are guests of their parents, Mr. and Mrs. J. H. Wichmann, coming here from Chicago where they have been visiting the family of their brother, F. S. Wichmann, who accompanied them to Santa Ana. They will visit their parents and sister, Mrs. Charles Harper.

Messrs. Clint Henriksen, Virge Clapp, Joe Beach and Roy Knight made a business trip to Los Angeles this morning. All rode motorcycles of the Indian make.

HIGH SCHOOL NOTES

The boys of the high school enjoyed a most interesting and valuable address Wednesday afternoon. The speaker was J. E. Sprunger, state Y.M.C.A. secretary. The subject of the talk was "Clean Life." During the course of his remarks Mr. Sprunger showed that habits, thoughts and use of spare time determined the person's life; that good habits lead to success.

The speaker's talk was both practical and beneficial and also entertaining. Mr. Sprunger did not "preach," but every student felt grateful for the advice which he gave.

The Athena Club has held its election of officers, with the following result:

President—Louise Grubb.
Vice-president—Alice Cranston.
Secretary—Lillian Walker.
Treasurer—Mabel Mansur.

Those on the executive committee are Helen McKean, Helen Roberts, Ruth Harding, Elsie Wingood and Louise Grubb.

Plans are being made for a masquerade to be held the first Friday night after the holiday vacation.

The Ariel staff met last evening to receive reports from the various editors. Every department seems to be progressing nicely. The paper will be issued about the last of January.

The grade slips were handed out to the students yesterday. This year, instead of receiving one card with all the marks on it, the pupils receive four or five slips with the grade for each subject on a separate paper.

Although the new system seems rather inconvenient at first thought, it is believed it will be an improvement over the old.

Two basketball games are scheduled for today on the local school courts. The boys' and girls' teams are to meet the two teams from Fullerton High. If the present high wind does not interfere, the games will doubtless be interesting.

Coach Ratcliffe was host last evening at a 6:30 o'clock dinner in honor of the football team. About seventeen, including ex-Captains Reeves and Newcomer, enjoyed Mr. Ratcliffe's hospitality, which took the form of a delightful three course "feed." The first course and main course was oyster soup, appetizing, rich and plenty of it. Turn loose a hungry bunch like the team, and especially if they have the capacity of "Nooks" Tedford and such, soup is very likely to disappear.

Table talk centered around the football prospects for the expected game with Long Beach. Every fellow is sure to work hard for that championship if the game is played. The election of captain for the next year's team was held, and Captain "Bill" Warren was re-elected. It was announced also at the table that if the team won from Long Beach five "feeds" would be given in their honor. The team will certainly fight. On arising from the banquet table, the fellows lustily gave three cheers for the Ratcliffes, the waitresses and the "spread."

Misses Beth Phillips and Helen Wells assisted Mrs. Ratcliffe in serving.

This is our last call for mandolin, guitar, banjo and ukulele pupils. If no more responses are received before Monday we shall have to give up our plans for this department and forego our opportunity to supply an excellent stringed instrument teacher to Santa Ana. Our idea was to establish a fine orchestra. Better think it over and let us have your name at once.

STANTON CASE IS ON APPEAL

Cole's Action to Set Aside Incorporation to go to the Appellate Court

Attorney Homer G. Ames of Anaheim has given notice of appeal in the case of W. J. Cole against the Board of Supervisors, an action brought for the purpose of setting aside the incorporation of the town of Stanton. The appeal is taken from the order of Judge West, sustaining a demurrer that ruled upon the legality of the action. Judge West's ruling determined that the town was legally organized. From the ruling on the demurrer, the plaintiff appeals to the court of appeals.

Suit on Note
Charles Harvey has brought suit against Thomas Willetts and J. F. Snover on a note for \$432 signed by them on Dec. 7, 1901. Williams & Rutan represent the plaintiff.

Attachment Case
Notice of attachment has been recorded in a suit brought by W. H. Kennedy, Jr., against S. Takana. The suit is for \$272.72. An interest in between 10,000 and 18,000 seedling orange trees planted and growing is attached.

PROTEST AGAINST USE OF PRISONERS AS NOW CONDUCTED

The following resolutions were passed at a meeting of Santa Ana Socialists Thursday evening of this week:

"Resolved by the Socialists of Santa Ana in open forum, December 5, 1912, the subject for discussion being 'The Use of County Prisoners on Our Public Works,' that:

"Whereas, it is reported that county prisoners are being used on our public works, thereby throwing many of our citizens out of employment,

"We do hereby protest against using prisoners from the county jail on public work in such manner as to displace citizens, and that,

"We protest against the custom of having said prisoners parading our streets in prison garb, because of the humiliation to the prisoners and because the sight is offensive to our citizens.

"We further protest against the working of men without other compensation than their board.

"If worked at all prisoners should be out of public view and should receive a fair compensation for their labor.

"At the end of their term this would give them a start and help to keep them until they could obtain employment."

Prisoners have been used by the county in cooking and doing other work in the county jail, in caring for the Court House park, in cleaning unsightly street frontages and in breaking rock.

FIRE SWEEPED OVER ABOUT 2000 ACRES

Thursday a foothill fire swept over about 2000 acres of land in the Trabuco canyon. It started on Ross and Cook's lease, and burned a strip to San Juan Capistrano, a distance of four or five miles. There was no damage except to range and fences, mostly on the O'Neill ranch.

IN THE JUSTICE COURT

NON-SUPPORT OF HIS DAUGHTER IS ALLEGED

C. O. Leatherman to be Sought on Charge Brought in Local Justice's Court

A complaint has been prepared charging C. O. Leatherman with non-support of his minor child, a daughter, aged 15. It is believed here that Leatherman is in Los Angeles.

Held to Answer
Yesterday afternoon Porfirio Belma and Reginaldo Corarubia were held to answer in the superior court on a charge of assault with a deadly weapon upon Bernardino Sandifon on Lincoln street on Nov. 10. Sandifon was shot at five times, and was then struck by a revolver. A horse was struck by one of the shots. Steele Finley is attorney for the defendants.

Found Not Guilty
Lon Wells of Huntington Beach was acquitted yesterday by a Huntington Beach jury. He was charged with malicious mischief. Witnesses said he slashed the tires of a bicycle rented by Raleigh Vincent from Wells' brother. Wells went on the witness stand and testified that the bicycle belonged to him, and that he did not cut the tires as alleged.

BUNGALOW FLOOR PLAN FOLDER FREE

Call at "Home Builders" Office at 116 East Fourth St., and Get One of These Folders Showing 50 Plans of Bungalows

You may secure one of these folders showing fifty floor arrangements, during the next ten days or two weeks, by calling at the local office of the company, which is located at 116 East Fourth street, Santa Ana.

These plans are taken from the working blue-prints as made by Home Builders' architects and while they are necessarily small prints, yet they show clearly the many arrangements possible in moderate priced bungalows. The folder is of convenient form and may be had free. Call or write for one.

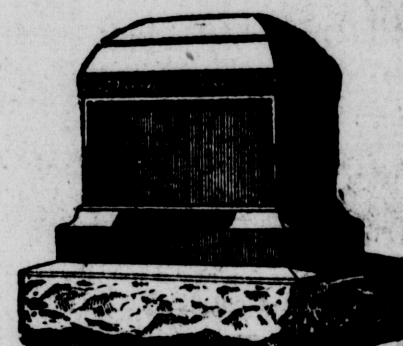

The company has recently issued its financial statement for the quarter just closed, and the stockholders have reason for congratulation. More than \$70,000 was added to the surplus the last three months, besides the distribution of a dividend which amounted to almost half that sum.

There are many stockholders residing in and around Santa Ana and these people will soon be receiving their dividend checks. If you are not interested in the floor plans you should get acquainted with the company, and now would be a good time to learn more about it.

Could Shout For Joy

"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice, and to rid the system of kidney poisons that cause rheumatism, Electric Bitters have no superior. Try them. Every bottle is guaranteed to satisfy. Only 50 cents at all druggists.—Advertisement.
